What happens next

If you're shortlisted, you'll have an in-depth alignment call with Anna, followed by background, police and health checks, and a simulated trial booking with one of our trusted trialists at a hotel (cost covered by you). This is a standard part of our process to ensure the right commitment and mindset.

We'll also collect additional details to build your Companion profile for our website, including professional photos. We have a great partnership with top boudoir photographers across major Australian cities, and split the cost 50-50 between the business and the Companion. Photos follow our brand policies (no nudes, no faces), and you'll have full access to them for personal use. Feel free to browse our Companion pages to get an idea of what we'll ask from you.

27 ☐ **I accept these requirements and am comfortable with them.**

Thank you for completing our Companion Application Form.

We'll contact you if your application is successful and a suitable opening becomes available.
